

Om Rawat

Full Stack Developer

Passionate Computer Science Engineering Student interested in Full Stack Development, Software Development and Cloud Computing. Dedicated, diligent, effective at communicating, and very adaptive to work. Always eager to learn new skills and technologies.

Projects

E-commerce store (ai-shoe tryon)

- A responsive e-commerce store using React and Node.js, featuring Stripe integration for secure payments.
- The store offers seamless navigation, a user-friendly interface, and efficient product management.
- The project aims to deliver a secure, engaging online shopping experience and a easy way to try on shoes from the comfort of your home by integrating DeepAr.

My-Blog

- This responsive blog app integrates the MERN stack (Express.js, React, Node.js) with Firebase for backend storage and user authentication.
- The design focuses on clean aesthetics, intuitive navigation. Users can effortlessly create, edit, and delete posts, as well as upload images.
- Firebase handles secure authentication and stores posts, ensuring reliable data management and a seamless blogging experience.

CodeAssist

- CodeAssist uses the Gemini API to offer tailored coding insights for technologies like Node.js, React, and TypeScript.
- Built with React, Next.js, TypeScript, and Tailwind CSS, with Drizzle ORM and PostgreSQL handling backend data.
- Includes a rich text editor, real-time credit tracking, and seamless Razorpay payments, all within an intuitive dashboard.

Experience

Flib

May 2024 - August 2024

Full Stack Developer Intern

- Built flib's website, focusing on user experience and responsiveness.
- Worked closely with the design team to translate their concepts into a functional site.
- Integrated Firebase to streamline the orders gateway for real-time data and management.
- Coordinated project timelines and stakeholder communications to ensure timely delivery.

CountryEdu Private Limited

June 2023 - July 2023

CSR Intern

- Successfully identified and fixed website problems, including broken links, typographical errors, and formatting issues.
- Worked as a productive team member to make company's website while also writing engaging content for various services offered by the company.
